# Introduction

The purpose of this booklet is to be a resource for health and wellness services that are physically available in Platte County for the benefit of all Platte County residents, regardless of age. This booklet was compiled by the Community Health Needs Assessment Committee of Platte County. If you know of a resource that has not been included, please feel free to reach out to the contact on the back cover to offer suggestions. The information included in this booklet was obtained by a direct contact of the organization or from their public marketing (i.e. phone book, website). Inclusion in this booklet is not an endorsement by Platte County Memorial Hospital, it is a reference for Platte County residents to better understand resources available in our community. Through this booklet, we hope to make healthcare easier, so life can be better.

**We would like to thank the organizations who participated in the creation of this publication in 2018 as the Community Health Needs Assessment Committee of Platte County...**
